

5400 WINDOWS

You don't need to spend a fortune to obtain good quality windows for your home, the 5400 model windows offer a great performance for a low cost.

FEATURES

- 1 Frame profiles are chambered-adding strength, rigidity and enhanced thermal performance.
- 2 Dual-paned $\frac{3}{4}$ insulating glass unit can be ordered with optional Low E glass and an Argon gas fill to maximize energy efficiency.
- 3 Insulating glass unit is set $\frac{1}{2}$ " into the sash to keep edges warmer.
- 4 Frames and sash, are welded at mitered corners to create strong and rigid units.
- 5 The sloped sill design prevents water from pooling during heavy rains.
- 6 Multiple weatherseals at various points around each sash prevent drafts.
- 7 Closed-cell foam sill bulb prevents water infiltration.

On the popular Double Hung window style where both sash move easily up and down, low-profile latches at the meeting rail release the sash to tilt in -allowing for interior and exterior cleaning to be done from the inside.

5400 windows are more energy efficient when ordered with optional Low E glass and Argon gas-filled insulating glass unit. Low E glass helps keep homes warmer in winter and cooler in summer.

FEATURES

At the point where operable sash meet, the interlocking design of the meeting rail or stile secures sash tightly together.

Windows with operable sash move smoothly and easily because of a constant force coil spring balance system.

Double Hung windows feature a vent latch for partial ventilation.

Low profile steel cam lock blends into the overall window design.

A spacer system with a U-channel design inside the I.G. is more efficient than conventional box spacers.

WINDOW STYLES

Double Hung Single Hung Slider End Venting Slider Picture Bay Geometric

Lifetime Limited Warranty 7700 and 5400 Replacement Windows

Wincore® Window Company LLC (referred to herein as Wincore®), manufacturer of the 5400 and 7700 windows, warrants to the original resident property owner where the product is installed, that any 5400 or 7700 product manufactured by Wincore® is free of manufacturing and material defects. This warranty applies for the lifetime of the product under normal use and service, subject to the conditions and limitations listed herein, and as long as the original purchaser resides in the home in which the products were installed. If 5400 or 7700 products are installed in multi-family, commercial, or rental properties, refer to the Commercial Applications section of this warranty.

This warranty covers only manufacturing and material defects as specified herein and does not include damages caused by improper installation; normal weathering; accident, fire, flood, acts of God, vandalism, riot, or civil disorder; acts of terrorism or war; misuse; abuse by harmful fumes, vapors, solvents, chemicals, or chemical pollutants in the atmosphere; mildew; building settlement or structural failures of walls or foundations; stresses resulting from localized heat that causes excessive temperature differentials; or incidents beyond Wincore's® control.

Wincore® reserves the right to change or discontinue any product it manufactures. If a warranted replacement part or component of the product originally installed is not available, Wincore® shall have the right to substitute a part or component determined by Wincore® to be of equal quality and price.

The warranty statements contained in this certificate set forth the only express warranties extended by Wincore® for 5400 and 7700 products, and the provisions herein shall constitute the warranty holder's exclusive remedy for breach of this warranty given under this certificate. Wincore® shall not be liable to the property owner for incidental or consequential damages for breach of any written or implied warranty of 5400 and Series 7700 products. Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitations of incidental or consequential damages, therefore this limitation/exclusion may not apply.

This limited warranty gives specific legal rights. There may be other rights which may vary from state to state.

The power of collective thinking.

In this business, everyone knows that great people working together end up providing great windows and doors. That's why when we set out to design and build the best windows and doors in the industry, we focused on people first. People with advanced technical knowledge. People who know how to do things right the first time. But most importantly, people who realize that integrity and trust are not simply words, but a way of life.

With more than 200 years of combined experience under our belts, you can clearly see our promise of quality and innovation in every window and door we make.

At Wincore®, our philosophy is simple. It's not about being the biggest. It's about being the best. Because to us, that's the way it should be.
